DIMENSIONS OF HOUSING POVERTY

Housing poverty includes overcrowding, unsafe structures, and a lack of basic services like plumbing and safe electrical wiring. As you can imagine, these issues disproportionately affect children's health, development, and safety.

Many CBC students do not have a bedroom of their own. Instead, they have a hammock, which is put up in the lounge or a communal bedroom at night. They have no privacy.

In the rainy season, water leaks through poor-quality roofs, and the subsequent dampness can impact health and destroy belongings.

Housing poverty is another dimension of worry for children and their families in the community around CBC.

EVERY \$ YOU DONATE IN APRIL GETS A TWINNIE!

Yes! We have a matching grant in place for all our banquet donations through to the end of this month.

It's a great time to give and multiply your impact.

OTHER WAYS YOU CAN PARTICIPATE

We invite you to **increase your monthly gift**, so that we can keep up with growing costs in Brazil.
